In the 1841 census, there were a total of 973 people living in Ravenstonedale, all but 150 of them had been born 'in this county'. But this census did not record WHERE respondents were born, so there is no way of knowing how many Ravenstonedale-born people were living either in the parish or elsewhere in the country in 1841.

The only company's database that lends itself to produce an analysis of census data, is Find My Past - however I encountered problems with two of their censuses: in the 1871 census, their search engine did not recognise the birth place 'Ravenstonedale' at all; and in 1891 it only located 100 people with this birthplace, even though many more are shown on the images, they were just transcribed as being born 'in Westmorland'.
